

## Modern Slavery Statement

Skyline Health and Travel Ltd trading as Skyline Medical Clinic, is essentially a clinic which offers various aesthetic and medical services, including Aesthetic Services, IV Nutritional Therapy, Blood testing (full range), health vaccinations and immunisation, mobile and in-house phlebotomy services, physiotherapy services (in house and mobile), private GP consultation and nutritionist services.

Skyline Medical Clinic recognize and have acknowledged that some employment sectors will be more susceptible to human trafficking and slavery than others will. However, Skyline Medical Clinic is committed and is keen to ethical high standards throughout our whole recruitment procedure and believe that in conjunction with the rigorous and strict policies implemented by us and our clients, we can drive out and firmly prevent any aspects of human trafficking and slavery from our clients supply chains and ours.

Skyline Medical Clinic is dedicated to educating its employees and other partners regarding the type of factors that can suggest that a worker may be subject to dishonest and unscrupulous activities and encourages both employees and workers to immediately report any suspicious activity to the Modern Slavery Helpline or legal authorities.

Skyline Medical Clinic consistently audits its workforce against legislative compliance. Through face-to-face interviews, our team must verify the identity of each worker and confirm the workers right to work in the UK before employment commences.

Skyline Medical Clinic's Director believe that eradicating slavery in any form from all its supply chains is fundamental to the aims and objectives of Skyline Medical Clinic and have therefore approved this statement and modern slavery policy. This statement will be reviewed annually.
